Waymark is a Georgia 501(c)3 nonprofit that gives hope to youth in foster care through camps, skills training, and mentoring designed to provide support, skills, and success in the transition from state care to adulthood.

The volunteers at Waymark share the love and hope found in Christ and instill the knowledge that they are important, valued, loved and have a purpose.

Why we rebranded to “Waymark”
Reflecting the words of Jeremiah, Waymark is a name that evokes progress. It is a point from which we find direction, resources, and a path forward.

This name reflects the role we play in the lives of the youth we serve.

Who we serve
Our youth come from DFCS, private agencies, group homes and foster families. They begin with us in foster care but continue to participate once adopted or back with their biological family.

waymarkfoster.org
Since 2008, Waymark has been building comprehensive skills and support relationships with youth from childhood to adulthood (ages 6 and up).

Why Waymark?

**Legacy**
Many young adults who participated in Waymark activities as youth return as mentors and volunteers to support the next generation of foster youth.

**Guidance**
Waymark quality programming provides youth with a sense of community and support guiding them to succeed when they make the transition to adulthood.

Why now?

**Urgency**
Georgia leads the nation in the number of youth in foster care. Waymark offers a foundation for a successful transition into adulthood.

Awareness
Youth in foster care have a dire need for support. Waymark informs the community about the need and provides simple ways to make a life-changing impact as camp and workshop volunteers or mentors.

Why You?

**Immediate**
Volunteers who participate in a camp, skills training, or mentorship program can make a positive difference in the life of a youth after just a couple of interactions.

Donors who provide financial or in-kind support make it possible for Waymark to offer life-changing skills and support for youth free of charge to the foster family.

Waymark supports youth in foster care with skill building and connections with others in similar situations and highly-vetted adult volunteers who help fill the void of a traditional family unit while providing much-needed support for foster parents and affiliate organizations.

Change starts with just one child.
